ATTACHMENT "H"

20 October 1972

STANDARD OPERATING PROCEDURE

H-50-14 This SOP supersedes H-50-14 dated 11 August 1971.

MISSION CRITIQUES

1. PURPOSE: To establish the requirement and procedure for conducting mission critiques. The purpose of these critiques will be to review with the pilot his flight line accuracy and equipment operation.
2. SCOPE: This SOP is applicable for all high altitude operational and training missions 25X1C
3. RESPONSIBILITY: It will be the responsibility of the Director of Operations to insure that Tracker/Camera imagery and equipment operation evaluations are accomplished and that mission critique periods are scheduled and conducted on a timely basis.
4. PROCEDURES:
  - a. The [REDACTED] Flight Planner will monitor the accumulation of the completed mission material and will inform the Director of Operations when a mission is ready for critique.
  - b. Training mission critiques will normally be scheduled once a month on the published ground training schedule. Operational missions will be critiqued as soon as tracker read-out and equipment operation data is received.
  - c. Minimum attendance at each Training Mission Critique will be:
    - (1) Director of Operations or his Deputy 25X1A
    - (2) [REDACTED] Flight Planner.
    - (3) [REDACTED] 25X1C
    - (4) [REDACTED] 25X1A
  - d. The critique will be conducted by the [REDACTED] Flight Planner, who will review flight line accuracy and weather as plotted from the tracker, emphasizing flight line deviation and systems operation.
